

INDOOR

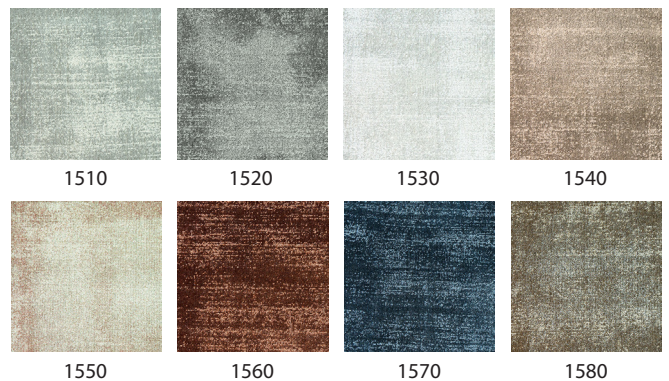

MIAMI

A handwoven carpet made of high-quality polyamide with an elegant vintage look. It is durable and suitable for indoor use on floors with or without underfloor heating in hallways, kitchens, dining rooms, home offices, bedrooms, walk-in closets, and living rooms, as well as in commercial areas with general use. Miami is produced to resemble a viscose or silk rug, creating a multitude of shades when in use.

Miami is available in eight different colors. The thickness is approximately 10 mm, and the maximum width is 500 cm. It is delivered either as a wall-to-wall carpet or as a custom-made rug edged with INVISILOC®, alternatively with one of our borders in linen, or cotton.

Pile fibre	Polyamide
Product definition	Handwoven
