

INDOOR

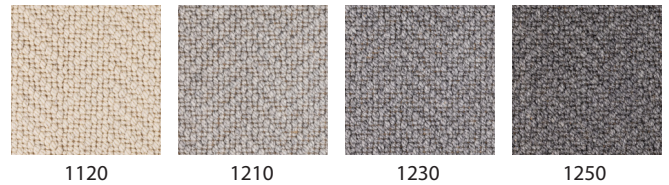

# TRYSIL

A woven carpet made of high-quality New Zealand wool that is elegant, durable, and suitable for indoor use on floors with or without underfloor heating in entrances, hallways, kitchens, dining rooms, home offices, bedrooms, walk-in closets and living rooms, as well as in commercial areas with general use. Trysil is woven in a herringbone pattern, giving the rug a subtle striped impression, and like all wool rugs, it is relatively easy to clean.

Trysil is available in four natural colors. The thickness is approximately 9 mm, and the maximum width is 400 cm. It is delivered either as a wall-to-wall carpet or as a custom-made rug edged with INVISILOC® or MULTILOC, alternatively with one of our bindings in suede imitation, leather, linen, or cotton.

Pile fibre	Wool
Product definition	Woven
